J # R Markdown

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see bookdown.org/yihui/rmarkdown.

Using R and Markdown

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

And you can use in-line code to show your results in the text: 15.4.

(Bosnjak et al. 2018) You could also run R calculations in the code like this 30.8, but ensure that your text is still readable.

Table 1: This is an awesome table

A	B	C
1	2	3
